

Terror in Yemen

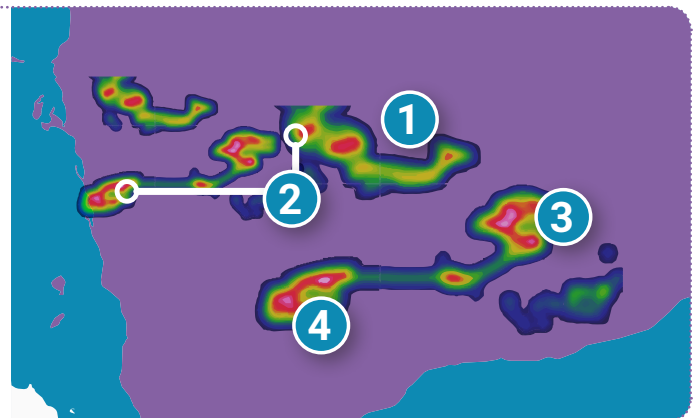

ANALYST ASSESSMENTS

Additional searches shows other indications regarding the failure of Yemen, which should not only be seen as an internal threat upon its stability, but also as a threat to the security of the world's largest oil producer, Saudi Arabia. And a threat to Saudi Arabia is not only a serious threat to the Arabian Peninsula and the entire Middle East, but also to the world's economy. It is, therefore, essential that the US and its allies in the Gulf formulate a plan that can appease both Yemenite and revolutionary elites alike in Yemen's first steps towards democracy, given the understanding that promoting national dialogue is the way to achieve long-term stability and security.

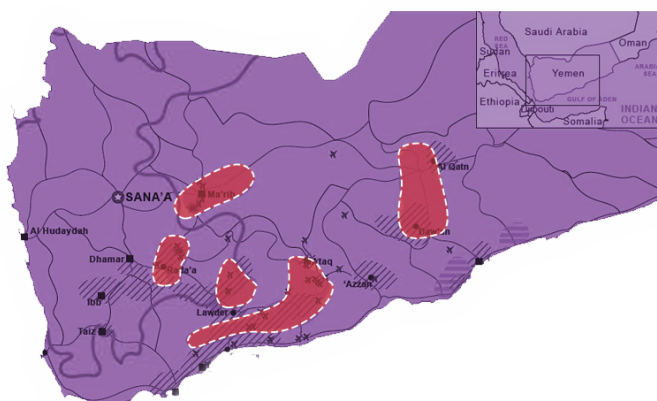

RECOMMENDATION

1. The travel warning for citizens leaving for Yemen should be updated, as well as the precautionary measures.
2. The relationship between Abdrabbuh Mansur Hadi and Ali Abdullah Saleh should be examined in relation to the operation of other opposition elements against the regime
3. Examine whether there is cooperation between AQAP and ISIS in other countries outside of Yemen and how the coordination arm in these cases
